

A Powerful Statement

"Malawi Project is probably the only organization that focuses on the needs of a person by transforming such a person from dependency to independence. Malawi Project does not stop at that point but continues to transform that person to be a tool in transforming other people. In other words, The Malawi Project is the only organization in Malawi that empowers the locals and makes them ready for their future."

Chester Kabinda-Mbewe

Chairman Board of Directors,
Action for Progress
